

MVHS ORCHESTRAS

Chamber Orchestra - String Orchestras - Exploring Music

Save The Date for Our Fall Concert!

On Thursday, October 14th at 6:00pm, we will have our Fall Concert. New COVID guidelines now restrict audience members in the theater. In order to bring our community together, we will be hosting our October concert outside on our football field under our brand new stadium lights. This also means we need to adjust our concert start time to accommodate stadium light usage. Audience members will sit in our bleachers while our musicians perform on the track. So bring your family and friends. Bring your blankets and sweaters, and enjoy our live Fall Concert as a community once again! Because we are outdoors, we do not need to limit our audience members. All are welcome. Masks will be required. See you there!

Fair Share Donation

The Fair Share donation deadline is Friday, October 15th. The 2021-2022 suggested donation per student is \$100.00. Your donations will enable us to purchase sheet music, method books, and other materials and equipment that directly impact our daily curriculum. Checks can be made payable to MVHS Orchestra and should be submitted to Anna Linde. More information is available in your Orchestra Handbook. Please contact Anna Linde if you have further questions.

AN IMPORTANT NOTE REGARDING FINANCIAL ASSISTANCE: No child will be denied participation because of financial restrictions. Aid is available, but limited. We will help any student in need of financial assistance! Financial assistance will be available to any student upon request to the teacher and will remain confidential.

A Glimpse Into Exploring Music

We are so excited to be giving all students the opportunity and access to learning instruments. We began with an introduction to violin, then moved on to trumpet, and are currently working on the cello! With the help of some of my advanced musicians, students are learning basic technique, rhythm, as well as a scale on each of these instruments before they select the single instrument they wish to progress further on. This will allow us to play in an ensemble setting as well. Over the past few weeks, our enrollment has increased by five students. I've been so impressed by my students' hard work, progress, and enthusiastic attitudes.
